Hiring Team  
Voldex

Dear Hiring Team,

I am writing to express my excitement about the opportunity to join Voldex. As a passionate gamer, I grew up with video games across platforms like the PS2, Xbox 360, just to name a few. I have always been fascinated by the technology that brings these experiences to life. My curiosity led me to explore the inner workings of my consoles, figuring out how the hardware and software come together to create something truly immersive. This curiosity and hands-on interest in gaming tech drive my desire to contribute to a dynamic game development team.

Voldex's dedication to creating engaging and community-driven experiences resonates deeply with me. Playing Roblox with my family has become a fun tradition, and I would love to bring that same spirit of connection and enjoyment to others. I am eager to be part of a team that creates experiences that bring people together, just as gaming has for my own family.

Thank you for considering my application. I look forward to the possibility of contributing my enthusiasm and skills to Voldex.

Sincerely,  
Cristiana Santos Simoes
